

KCMA Approved

Commodore Homes of Virginia
Cabinetry is
KCMA Approved

What does that mean?

This means that cabinetry built at Commodore Homes of Virginia meet the same rigorous KCMA standards as all other leading cabinet manufacturers. These cabinets go through a series of tests to measure structural integrity of the cabinets. Cabinet doors and drawers are tested, and even the finish is tested before the KCMA will certify our cabinets.

**Beauty, Quality
and Durability**

Our highly skilled craftsmen create premium cabinets sure to enhance the beauty, value and quality of your home. Commodore Homes of Virginia's cabinetry are constructed in conformance with the rigid certification requirements of the Kitchen Cabinet Manufacturer's Association (KCMA). Through on-going tests performed by an experienced, independent laboratory, the KCMA certification program assures you that any cabinet bearing the KCMA seal complies with the rigorous standards set by the American National Standards Institute (ANSI) and KCMA.
